### **NEW REQUIREMENTS FOR ALL INGROUND SWIMMING POOL BUILDING PERMIT APPLICATIONS:**

To better assist the Warren County Building and Electrical Inspectors in making more efficient and timely inspections, we have added the following details for Inground Swimming Pool permit applications.

Along with the required site plan, you will now be required to submit a detailed pool layout to include (but not be limited to) the following:

- Location on property of electrical panel for swimming pool
- Location on property of swimming pool equipment
- Ladder(s) location
- Diving board location
- Slide location
- Swimming pool points of ingress/egress
- Swimming pool lights location

Applications will not be accepted without a detailed plan.
