Legend

- Silt fence or straw wattle
- Stabilized Construction Entrance
- Direction of flow (point downhill)

For Option G, show flow lines and proposed EPSC measures.

STORMWATER BMP PLAN

WARREN COUNTY FISCAL COURT
DIVISION for STORMWATER MANAGEMENT
1141 STATE STREET, BOWLING GREEN, KY 42101

1. From the information shown on the plot plan submitted with your Permit Application, is there a sinkhole, drywell, drainage outlet or inlet, retention area, or dedicated drainage easement located on this property?

_____ YES

_____ NO

_____ UNKNOWN

2. Will any excavated material be stored or stockpiled on site during construction?

_____ YES

_____ NO

*If the answer to either of these questions is "YES", **BRIEFLY** describe below what measures you will undertake to protect the stormwater control devices/stockpiles referenced above.*

GENERAL EROSION PREVENTION REQUIREMENTS AND CONDITIONS FOR THIS SITE :

- 1) Perimeter erosion control BMPs must be in place prior to beginning construction.
- 2) Streets/roads must be kept clean at all times during construction.
- 3) EPSC measures (BMPs) must be maintained for the duration of the construction.
- 4) Inspections will be made to review compliance with KPDES Permit guidelines.

I certify that:

- 1. I understand that this document becomes my Stormwater BMP Plan for this site and will abide by the the Erosion Prevention Plan I have indicated on the front page AND/OR the Erosion Prevention option(s) that I have selected.
- 2. I will make this plan available for inspection by US Environmental Protection Agency, Kentucky Division of Water or Warren County Division for Stormwater Management.
- 3. I will protect the drainage structures that now exist or will be built on this site.
- 4. I will install the BMPs shown in the chosen option(s).
- 5. I will conform to the terms and conditions of the Kentucky Division of Water General KPDES Permit for Storm Water Point Source Discharges for Construction Activities and will take all necessary actions within the extent established by local, state and federal statutes to limit the discharge of sediment leaving this site.
