

FIRE PROTECTION REQUIREMENT WAIVER

Pursuant to Section 1.13.1 of the Zoning Ordinance, public water lines shall be available to the site sufficient to meet fire protection standards of Warren County.

Warren County: 250 GPM at 20 PSI for single family residential

Owner (s) of sites that do not meet the requirements listed above may choose any of the following options in order to comply with Section 1.13.1 of the Zoning Ordinance:

- a. Servicing water lines shall be improved in such a manner that 250 GPM at 20 PSI is achieved at the site
- b. An alternative fire protection plan, prepared by a professional engineer meeting the specifications of NFPA 13, 13D, 13R, 750 and/or 1142, shall be submitted and approved by the Warren County Public Works Director
- c. At the time of the filing of any application for a building permit, the Fire Protection requirements (agriculture, rural residential, and residential estate districts) in the Warren County unincorporated area may be waived by the County Building Inspector or the Warren County Public Works Director or his or her designee

If the property owner(s) elect to proceed with a Fire Protection Requirement Waiver, please complete the application below.

The application is for a single-family residential structure:

Name of Property Owner (s): _____
 Location of Property: _____ Size of Property: _____
 Lot Number: _____ Subdivision Name: _____ Deed Book/Page: _____
 Building Permit Number: _____

I certify that the above information is true and accurate. I understand that the above referenced property does not have public water supply available which will meet the minimum fire flow or pressure. **Nevertheless, I request that the minimum fire flow and/or pressure requirement be waived for my property.**

Property Owner (s) Signature	Date	Property Owner (s) Signature	Date
